Makes Real Live Report.

Shows Where County is Deficient in Many Places.

But Praises Good Work of the Official in Their Efforts to Build Up.

Grows Patriotic in Closing Report.

We the Grand Jury of Madison County, at this February term of 1911, after thoroughly investigating the present conditions of the county, from every standpoint within our reach, beg to file the following as our report.

TURNPIKES.

We have investigated at length the conditions of the turnpikes in the county, and find with one or two exceptions they are reported to be in as bad condition as turnpikes could well be, and while we feel that some definite action should be taken against the offending parties, yet with the present business like organizations of our road Commissioner and the excellent work accomplished during the past year, we feel that our county is in better condition than it has been, and that the money that is being expended now for the betterment of our county roads, is reaching the end to be attained in a way to be heartily commended, and we endorse the action of our Road Commissioner, and the Fiscal Court, in the purchase of road machinery that will better equip the county to care independently for its own highways.

We further recommend that the Fiscal Court, of the county acquire by purchase or other available means, such stone quarries as may be needed along each section of the turnpikes for the use of the stone crushers.

It has further come to our notice that on one or two occasions the citizens along the turnpikes have come to the relief of the county officials with generous contribution to assist in reconstruction of the roads, but we feel that the county funds when judiciously and properly distributed are amply adequate to build and maintain our roads, and thus relieve the citizens of this special burden. It might be well however for the citizens

ROYAL Baking Powder Economy

The manufacturers of Royal Baking Powder have always declined to produce a cheap baking powder at the sacrifice of quality.

Royal Baking Powder is made from pure grape cream of tartar, and is the embodiment of all the excellence possible to be attained in the highest class baking powder.

Royal Baking Powder costs only a fair price, and is more economical at its price than any other leavening agent, because of the superlative quality and absolute wholesomeness of the food it makes.

Mixtures made in imitation of baking powders, but containing alum, are frequently distributed from door to door, or given away in grocery stores. Such mixtures are dangerous to use in food. In England, France, Germany and some sections of the United States their sale is prohibited by law. Alum is a dangerous mineral acid, and all physicians condemn baking powders containing it.

The label of alum baking powders must show the ingredients.
READ THE LABEL

to aid the county officials in the acquisition of stone quarries and labor at a reasonable price to construct and maintain our public highways.

IMPROVEMENT WITHOUT SALOONS.

We have at great length tried to exhaust every means available to us to

investigate every avenue that leads to the illicit sale of whiskey, and have found its lair in a few cases, and are satisfied that others exist yet. We find that less whiskey is consumed now than at any preceding time in the history of our county, and that we point to the memorable crowd that attended the city of

Richmond on its February Court Day, of 1911, when there was not a single arrest for drunkenness and we believe that, with all that might be said to the contrary, the morals and business of our county is in a better condition, and society is more ably protected, under the no-license system than it was when whiskey was sold in the county.

OFFICERS AND JAIL CONDITIONS.

We further find that our county officials have been diligent in the discharge of their duties and are keeping their respective offices and records in splendid condition; we find however that our county jail is, sadly lacking in many points, and we recommend to the proper authorities the following changes: first that the wood floors used as public corridors should for sanitary reasons, be removed, and replaced by concrete or metal floors; second that the painting on the inside of the jail and cells is not of a kind and color that is best suited to the end to be attained, and we recommend that the cell work of the jail be repainted in a color that would at least suggest cheerfulness; third we are fully persuaded that a generous application of soap and water occasionally to the bedding, and prisoners, environment would greatly improve the sanitary conditions and we so recommend.

PATRIOTIC OUTBURST.

To day we are recognized as the greatest nation on earth. Our laws and forms of government far exceed those of any other nation of the world. Our government is founded upon justice—the right of every man to participate in public affairs and to worship God according to the dictates of his own conscience. We might, with propriety, say that upon the ruins of a heterogeneous empire we constructed a homogeneous republic, and that its influence has thrilled and cheered millions who were chained and burdened by the monstrous evils of tyranny.

WEDNESDAY MAR. 8 - - 1911

On Wednesday evening of last week at the opera house in this city Rev. Joseph Meeker, pastor of a Congregational church in St. Louis, delivered a speech of over two hours in length in favor of "open saloons."

Mr. Meeker is an employee of the National Model Lumber League. This is a league supported by the allied liquor interests of America. Think of it! A minister of the Gospel, a servant of the Devil! A messenger of "Peace on Earth, Good Will to Men," a paid hireling of an organization of whiskey men! Mr. Meeker spoke under the guise of "How to Regulate the Liquor Traffic," and many times during his speech he said he was here to tell us how to regulate the traffic in liquor. If he ever told how to regulate it, or anything near it, no one in his audience ever heard it. In fact it was a speech out and out, from beginning to end, in favor of open saloons.

He is a fine speaker and a man of brains and held his audience for over two hours.

His speech was cut and dried and ingeniously gotten up, and was adroit in the extreme. His chief argument was "Personal Liberty" of man and it was so artfully put before his hearers as to impress the casual listener with the fact that he was honestly stating both sides of the question. He played largely upon the ignorance of his audience as to statistics. On the face of it his argument was plausible, but to the thinking man, the man that reads between the lines, the argument was poor and his conclusions absolutely absurd and ridiculous.

We charge him, too, with being unfair in his statements. He garbled the records and statistics. He read and quoted only those that answered his purpose and suppressed those that were against him. Especially was this true of his statements as to Maine and Kansas, the two states that have tried prohibition longer than any other states, and are still satisfied with the results.

Now, was this Rev. Meeker ignorant or was he dishonest? Ignorant of the facts or too dishonest to state them? Perhaps just at this time in his speech he heard the jingle of the money bags and the vision of "Thirty Pieces of Silver."

Mr. Meeker had no right to be ignorant of conditions in Richmond. How then could he consistently advise our voters how to cast their ballots? Ignorant of conditions, how could he, as an honest man, attempt to influence our votes? Oh! the jingle of the money bags and the vision of "Thirty Pieces of Silver!"

Mr. Meeker had no right to be ignorant of conditions in Richmond. How then could he consistently advise our voters how to cast their ballots? Ignorant of conditions, how could he, as an honest man, attempt to influence our votes? Oh! the jingle of the money bags and the vision of "Thirty Pieces of Silver!"

We enjoyed Mr. Meeker's speech. We always enjoy hearing a brilliant man talk even though he be not honest in argument. We feel sure that the Rev. Mr. Meeker has some good points, but also many, yes, very many faults. We will try to remember his good points and forget his faults.

After Mr. Meeker had finished, a Mr. Meyer, of Covington, a politician, was informed, and also an attorney for a Covington brewery, delivered an hour-long harangue for half an hour. He said he was ignorant of conditions in Richmond, but he strongly urged his hearers to vote for open saloons.

His efforts were such a failure, that we thought not, he was advised of it himself, and he is a more depressed man than we want to believe him to be.

Remains Dry

Citizens of Richmond Decide To Keep City in Local Option.

Friday was a great day in the city, especially for the "Dry" voters, who gained a well earned victory. By a plurality of the different precincts of the city the local option forces won the day by a majority of 123, and when the result was announced there was great rejoicing by thousands of citizens, who had gathered in the court house square to hear the good news.

Ex-Mayor Woods has fought a good fight and to him, it can truthfully be said, is due nine-tenths of the glory of the victory, for he has been in the "Dry" column, on either side of the question, who can put up as game a fight and who never lets even a single breeze, bearing the least breath of opposition to the cause, pass his keen ear, but what he is immediately on the firing line for defense of local option with facts and figures that soon explode the contentions of the opposition.

There was never a time during the campaign that the "Dry" voters were in doubt, for a careful investigation of the black as well as the white people, showed plainly that sentiment was in favor of Richmond's being in the "Dry" column. There has seldom been such a campaign waged in so short a length of time and a precedent was set out in this campaign that will make the people of Kentucky stand up and take notice.

It was the appearance here on last Tuesday of Dr. Jacob T. Meeker, of St. Louis, pastor of a Congregational church, who spoke in the interest of the "Wets," but argued the point under the subject of "How to Regulate the Liquor Traffic." He was followed by Representative Meyers, of Covington; and these speeches undoubtedly made the "Dry" vote all the more stronger.

There was not the slightest show of drinking or drunkenness, which is so prevalent on days of this kind, and not a single arrest was made for lawlessness of any character.

To the credit of the "Wet" leaders, it can be said that they fought against the other side as bravely as could be, and not a fiery word or caustic remark was heard. It was the cleanest election ever held in the state from any standpoint.

A Jollification meeting was held in the court house Friday evening and the house was crowded with enthusiastic people. N. B. Deatherage presided, and introduced several well known local speakers. It was a low feast and the celebration of a great victory.

The Doctor's Question

Much Sickness Due to Bowel Disorders.

A doctor's first question when consulted by a patient is "Are your bowels regular?" He knows that 98 per cent of illness is attended with inactive bowels and torpid liver, and that this condition must be removed gently and thoroughly before health can be restored.

Relaxin Ordinaries are a positive, pleasant and safe remedy for constipation and bowel disorders in general. We are so certain of their great curative value that we promise to return the purchaser's money in every case when they fail to produce entire satisfaction.

Relaxin Ordinaries are eaten like candy, they act quickly, and have a soothing, strengthening, healing influence on the entire intestinal tract. They do not purge, gripe, cause nausea, flatulence, nervousness, dizziness or other annoying effect. They are especially good for children, weak persons or old people. Two sizes, 25c. and 50c. Sold only at our store—The Relaxin Store. 11 L. Perry.

Hugh Colyer Makes His Announcement for Sheriff on Democratic Ticket.

Although a long time off, there are many candidates that have announced themselves for county offices subject to the Democratic primary, and the latest to enter the political arena is Col. Hugh H. Colyer, who in the official column in this paper makes his announcement for the nomination of Sheriff. His record is well known for combat, but two things that must be said of him here are: He is as loyal a Democrat as was ever born and bred and no official has ever served his country better in public office. He has announced a slogan that will cut a wide figure in his race and should win him many votes. He says, "I will so conduct myself in office that those who vote for me will never have cause to regret it."

A Great Physician.

What He Said of Germs that Cause Disease.

M. Pasteur, sometimes called the Greatest Physician often said "I believe that we shall one day rid the world of all diseases that are caused by germs. Of all the diseases caused by germs, catarrh is one of the most persistent and loathsome. Catarrh can be cured, but only by destroying the germs."

Breathe HYOMEI (pronounce it High-o-mei) and cure catarrh by killing the germs. The HYOMEI method is the only sensible method, because you breathe the highly antiseptic and germ killing air directly over the entire membrane infested with catarrh germs.

HYOMEI will cure catarrh. There may be some complicated cases where it will fail, but the chances are ten to one in its favor, and the sufferer from catarrh takes no risk in breathing HYOMEI. It is a guaranteed remedy, and if it doesn't cure, R. L. Middleton will refund the purchase money.

HYOMEI will also give instant relief and cure bronchitis, coughs, colds and croup. A complete outfit, including hard rubber pocket inhaler, cost \$1.00. If you now own a Hyomei inhaler you can get a bottle of HYOMEI for 50 cents.

Rebekah's Meet

Million Rebekah lodge, of this city, held a most enjoyable banquet last Tuesday evening in the Old Bell and Hall, and a large attendance was out to enjoy the event. Several members of the newly installed Borden lodge were also present and responded. Richmond has one of the most flourishing Rebekah lodges in the state and is growing rapidly.

Going Some

The opera house orchestra, under the direction of Mr. Nelson Heffer, is now ready to compete with any its size in the country for honors, and the music of late has been complimented highly by the patrons. Unfortunately two artists in the orchestra will leave shortly, which will cut some little figure. Mr. Cecil Hart, the flute soloist, has secured a position in another state, and Mr. Alex. Bowles, the cornet virtuoso will take his regular spring and summer position with the circus. It is hoped that these places can be filled as soon as possible by the management and thus continue Mr. Heffer's good work.

Real Estate

All persons desiring either to sell or purchase land or other property or to make rentals of same will find it to their interest to place the same with me as I am a member of the National Co-operative Realty Co., of Washington, with agents throughout the United States, Mexico and Cuba. Meet In Danville

The annual state convention of the Young Men's Christian Association, of Kentucky will meet this year in Danville, beginning next Thursday, week, the 16th and continuing four days. Richmond and Madison county will be represented and the Berra College Quartet and Orchestra will take prominent place on the program. The Berra Quartet is one of the finest in the state, and have delighted Richmond audience on many occasions.

Fine Record

The State Penitentiary failed to get a single prisoner from the term of the Madison Circuit Court which closed last week. Madison is becoming one of the most law abiding counties in the state, and the above record does not mean, in any sense of the word, that these individuals in this county on felony charges are able to defeat the law. If they are guilty Commonwealth Attorney Crutcher will sure prove it to the jury "beyond a reasonable doubt."

Cheap Now

According to the local commission merchants eggs are cheaper than they have ever been known to be at this time of the year. Dealers were paying 12 1/2 cents this week and retail prices went as low as 15 cents. The cold storage break caused it all. The market is also closed; a few, and probably the last of the season, changed hands last Monday. The poor man can now have eggs in plenty.

Met at Lexington

President W. C. Usery and the Directors of the Blue Grass League of Baseball Clubs met in Lexington Friday to discuss the schedule for 1911, and to talk over the season's prospects. A few minor changes were made in the schedule as originally drafted, but the opening of the season remains as fixed at the first meeting, May 9. It was decided that the President's secretary, A. F. Frendberg, of Paris, will prepare the schedule in form for publication during the coming week, submit it to the members for comparison and release it for publication March 12. Those present at the meeting in addition to the President and Secretary, were: Messrs. Hogan Yancey and Tommy Sheets, of Lexington; L. B. Herrington, of Richmond; J. W. Bacon, of Paris; Ed. Mackey, of Mayville; Jeff Stewart and Dr. George Brooks, of Winchester, and A. L. Coleman, of Frankfort. It was the consensus of the meeting that the season of 1911 is to be a banner one in baseball in this section. The members all reported good progress in the signing of players. Mayville has 16 men under contract, all newcomers to the league, with the exception of Chase, and Manager Mackey says they are all six-footers.

The appalling death rate from kidney disease is due in most cases to the fact that the little kidney troubles are usually neglected until they become serious. The slight symptoms give place to chronic disorders and the sufferer goes gradually through a series of distressing, painful, and often fatal stages. If you suffer from backache, leg aches, urinary troubles, or any of the irregularities of passage and urinary apparatus, do not delay. Get the kidney pills at once.

Doan's Kidney Pills are especially for kidney disorders—they cure where others fail, over one hundred thousand people have recommended them. Here is one of many cases in this vicinity.

Enjoying Life.

A four page letter from the "Madison Club" now sojourning at Orlando, Fla., has been received by the Climax and from the way they write, there is certainly happy times in this beautiful city of Florida. There is perhaps a dozen Madison county people in that vicinity and they have organized themselves into "The Madison Club". So eagerly do they await the coming of the Climax that it is like a letter from home and makes their sojourn all the more happier.

Most of the party is stopping with the Misses Moran, former Kentuckians, who have a lovely Kentucky home, with all the good things prepared in good old Kentucky style. The orange trees are in full bloom and the flower gardens present a wonderfully picturesqueness.

Herrington Talks

New President of Ball Club Gives Out Interesting Interview to Climax

President Herrington of the New Ball Club, in conversation with a representative of the Climax, yesterday, gave out the following interview as to the conditions as they exist at present.

"At a recent meeting of the friends of the base ball team, I agreed to act as President of the club (without compensation), provided the organization could finance its debts and furnish me with \$1,000 with which to put a team on the field. Since that meeting \$1,000 has been raised and is now in the hands of the committee. It has developed, however, that the association, or those who can finance its debts, must have \$500.00 rent for the park in advance and \$250.00 first mortgage 6 per cent. bond. Moreover, there is due the 'Blue Grass League' \$325.00, which must be paid in order to hold the franchise. The club has exhausted its credit and has no property, therefore cash payments are demanded."

The friends of base ball will readily see if the above \$825 comes out of the \$1,000 subscribed, I will have no money with which to 'put a team in the field.' I understand that \$1,000 would be turned over to me for that purpose; and the pressing expenses that will have to be paid before the gate receipts begin to come in will require that amount of money. Therefore, unless more money comes, and at once, I cannot serve the Club as President."

The base ball park has been built and dedicated to base ball, and the prospects for a good team this year, and for financial success with it, are very promising. I recommend that the new club, instead of renting the park at \$200.00, purchase the park of the old club by paying it \$700.00 in cash and giving to it ten \$250.00 first mortgage 6 per cent. bonds on all its property. With the \$700.00 in cash and the ten first mortgage bonds, the club could be sold with little trouble. The real estate is certainly worth \$2,500.00, and the bondholders would be secure, and by dividing the amount into ten parts, no one could lose very much in any event. The ten bonds can be sold with little trouble."

This plan, of course, will require more diligence on the part of the new club in raising money, but if the money is raised there will be something to show for it and the park will be saved for the purpose to which it has been dedicated, and cash money raised. I cannot accomplish anything and must decline to serve."

Horse Sale.

Robt. Walker, the noted horseman, sold four good business horses Monday to Tennessee and Georgia parties for \$200 to \$255.

Court Day.

Monday was a corker court day in point of attendance, but in a business way it fell a little short. There were plenty of horses and mules on the market, but only two buyers from out of town. Joe Jordan, the well known buyer from Winchester purchased two large mules for \$150 each for city purposes. Several cheap hands landed from local buyers at prices ranging from \$150 to \$195. J. E. Johnson, of Berea, sold to W. W. Bales a pair for \$355 and James Kowlet purchased a pair for \$390. At the Madison Stock Yards there were 2,000 cattle on hand and Manager Embury said it was the best March cattle day he had ever known and one of the best in the history of the yards. Cattle sold all the way from 4 to 7 cents and but 150 left over. Mr. Embury stated that never before was the same quality of cattle purchased so readily at the prices named. Hogs went as high as 7 1/2 cents with few buyers, everybody being afraid of the impending market at present. One bunch of sheep offered failed to sell. Two-year-olds of cattle were purchased by Virginia parties and shipped out Tuesday.

Tobacco growers in this county, and those in adjoining counties, still holding their crops back, should hustle them to market as in all probability the sales will close within the next fifteen days, anyway. GRIFON CLOTHES

MOST Clothiers never say a word about the fabrics from which clothes are made, other than "they are all wool." Naturally at any first class shop you expect to obtain "all wool." But, won't it interest you to learn about colors and patterns?

The fabrics from which "Grifon Clothes" are made are the smartest of weaves from the best-known mills in the world. In color, they range from plain blacks and blues to the popular browns, pleasing grays and stunning tans. There are small checks, large overplaid, herringbone stripes and fancy stripes, very beautiful, but of no decided pattern.

Then, reinforcing every fabric is the quality, the all wool part. "Grifon Clothes" will please you, because of their fabric and style. "Grifon Clothes" are all wool.

Believes In It

That prominent capitalists over the county believe strongly in the good investment offered by the Richmond Electric Company in its recent bond offer, is proven by the action of T. Mr. Fitch is connected with Electric Companies of Bowling Green, Frankfort and other places in Kentucky and believes that Richmond is to become within a few years a town of 10,000 or more people.

Free Liver Remedy

It is well to stop a physical ailment at the first signs of its approach, and that is especially true of liver trouble, which can eventually give rise to so many serious complications. Many have liver trouble and imagine it is indigestion, and hence take the wrong remedy.

When the liver does not store up sufficient gastric juices it becomes sluggish, and in this way disturbs the stomach and bowels, with which it is supposed to work in harmony. Then comes the yellow complexion, the pimply face, the full of pain, the indigestion, the thinning of the hair, the itching of the skin, the cure is by the use of Dr. Caldwell's Purgative, which contains ingredients especially intended to promote the activity of the liver.

Among the many thousands who have written the doctor about the results achieved with his remedy, and who are glad to make the facts public so that others can help themselves, are Mr. J. A. Kennedy, St. Louis, Mo.; Mrs. A. A. Kennedy, St. Louis, Mo.; Mrs. J. A. Kennedy, St. Louis, Mo.; and many others.

These, like thousands of others, started the use of Dr. Caldwell's Purgative with a simple, but very effective, remedy. If you will send your name and address to the doctor, he will send you a free trial bottle. This will prove to you that liver trouble is promptly cured with this remedy, and money will be refunded. Having tried it, you can then buy it in the regular way of your druggist at five cents and a bottle, and a bottle is sufficient for an entire family.

This remedy is a vast improvement over cathartic tablets and salts, which only do good for the time being. Dr. Caldwell's Purgative is permanent in its results, is pleasant to take and does not grip. It is especially good for all those who cannot stand a violent purgative.

Children, personally, are pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. Enclose your name in a letter and we will reply to you by mail. For the free sample simply send your name and address on a post card to the doctor, Dr. J. V. Our auctioneer will get a little more for it than any other place. A competent force always on hand to handle your tobacco in the proper manner.

B. B. Million, W. M. Jones and B. P. Black are constantly in attendance and see that your interests are carefully guarded. All old timers in the tobacco business.

Why Suffer?

Are you one of the thousands of women who suffer from female ailments? If so, don't be discouraged, go to your druggist and get a bottle of Wine of Cardui. On the wrapper are full directions for use.

During the last half century, Cardui has been established in thousands of homes, as a safe remedy for pain which only women endure. It is reliable, contains no harmful ingredients and can be depended on in almost any case.

Take CARDUI It Will Help You

Mrs. Charles Bragg, of Streeter, Ind., tried Cardui. She writes: "Tongue cannot tell how much Cardui has done for me. Before I began taking Cardui I could not do a day's work. I would work awhile and lie down. I shall always give praise to your medicine." Try Cardui.
